ENTRIES CLOSE 6th JULY 2022

JUDGE OF THE 36th NATIONAL SHOW OF HEREFORD CATTLE

Mr Robert Wilson

A historic family involvement in the Hereford Breed has seen Robert managing the Romany Hereford Herd for some 20 plus years since leaving college. The Herd forms

the basis of the Wilson's family farm in the Scottish Borders. Originally started as the Bowmont Herd in 1955, the Wilsons still hold the record for the top price Horned bull sold at auction in Scotland – Bowmont Onedin. The majority of female lines in the Herd – Mink, Plum, Ishbel, Lily can be traced back to the original Horned lines that the herd was established with.

Recently the herd has collected numerous accolades in the Show and Sale ring culminating in winning the UK Herd of Year in 2019. Animals from the Romany Herd have been both UK Female of the Year and UK Bull of the Year in the last few years. A small step back from exhibiting is currently being taken while the Wilsons set up their agritourism business 'Wilson's Farm and Kitchen'.

While aesthetic breed traits are important to Robert he is a firm believer that commercial and structural attributes are needed in the first instance for any animal. The Romany Herd is based on a moderate type of female avoiding extremes in any direction with a strong emphasis on animals suitable for a grass based system.

Robert is honoured to be invited to judge at the National Hereford Show and thanks the committee for the invitation and looks forward to a tremendous day.
